TECHNICAL SKILLS:

- C Programming
- PYTHON
- HTML | CSS
- AI and ML

SKILLS:

- Lead a team ● ● ● ● ●
- Scheduling ● ● ● ●
- Type Writing (English)
(Junior Grade) ● ● ● ● ●

LANGUAGES:

- Tamil
- English
- Japanese (Beginner)

INTERESTS:

- Solve Problems in Hacker Rank
- Making Crafts
- Creative Pursuits

ACTIVITIES:

- NSS Student coordinator
- IIC Club Student member

GOOGLE BADGE:

- Introduction to Generative AI

CAREER OBJECTIVE:

Eager to apply my education and passion for technology to contribute to the success of an organization and develop my career through hands-on experience and collaboration. Dedicated to achieving growth and excellence in a dynamic environment.

EDUCATION:

2021-2025	Vivekanandha College of Engineering for Women	B.E. CSE(Hons)	8.9
2019-2021	John Bosco Matriculation Higher Secondary School	H.S.C	93%
2018-2019	Nadar Higher Secondary School	S.S.L.C	89%

MINI PROJECT:

❖ Hostel Management System

Created using HTML, CSS, and PHP to interact with database. Web page designed to provide information about the hostel. The website allow users to book hostel rooms in online.

PROJECT:

❖ VPN Network Traffic Detection using AI and ML

To Identify and block malicious or unauthorized traffic that tries to hide its source using VPN. The technology helps in recognizing patterns and anomalies in network traffic to enhance security.

INTERNSHIP EXPERIENCE:

Undergone an Internship on “**PYTHON WITH AI AND ML**” at **NSIC (A Govt. of India Enterprise), CHENNAI**. Gained hands-on experience in AI, ML, and data analysis. Completed a one-month internship from **JUNE 2024 - JULY 2024**.

ACHIEVEMENT:

❖ Ascent Award Winner - Design Spark Challenge

- Awarded for outstanding performance in the **50-hour continuous hackathon** conducted by the School of Design Thinking & Intellect from **07/03/2025 to 09/03/2025**.
- Received a healthcare – based problem statement on the spot – “**Integrated Hospital Solution**” and applied design thinking principles and developed a Hospital Management Website within 50 hours using HTML, CSS and PHP.
